Commissioner for Patents

In response to the "Order Returning Undocked Appeal" to the Examiner, the Examiner notes that the correct applied prior art has been listed thereunder and the mentioned terminal disclaimers have been approved.

Specifically, the Examiner is merely relying on Appellants' description or admission pertaining to the Bedell-Hogan, et al article not the article itself. In other words, the description on page 1, lines 12-23 of the present specification is being relied upon.

In addition, both terminal disclaimers filed December 3, 2001, and the terminal disclaimer filed March 24, 2003 have been approved.

The Examiner regrets and inconvenience that these matters may have caused the Board of Appeals or the Appellants. The application is promptly being refowarded to the Board of Appeals for consideration of the Appeal.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Prebilic whose telephone number is (703) 308-2905. The examiner can normally be reached on Monday-Thursday from 6:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine McDermott, can be reached on (703) 308-2111. The fax phone number for this Technology Center is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center 3700 receptionist whose telephone number is (703) 308-0858.
